Megh Akshaybhai Patel

Berlin, New Jersey, United States meghpatel28@icloud.com 8482347599 in/megh-patel-a398b030a

SUMMARY

Aspiring Computer Science student with a solid academic background in software development and hands-on experience building and deploying real-world applications. Independently designed and developing a full-stack Warehouse Management System, featuring multi-location inventory tracking, automated sales and transfer reporting, and a cloud-hosted PostgreSQL database, demonstrating the ability to translate business needs into functional, deplloyable software. Proficient in Python, Java, SQL, HTML, CSS, with experience across the full development lifecycle from database design to cloud deployment. Seeking an internship to apply both academic knowledge and practical development experience to contribute to meaningful, impact-driven projects.

EXPERIENCE

Student

Rowan University

- Adapted to evolving project requirements by mastering multiple programming languages and frameworks, applying foundational principles to deliver robust solutions in academic and team-based settings.

PROJECT

Warehouse Management System (In Progress)

December 2025 - March 2026

- Engineering a warehouse management system utilizing Python and SQL, optimizing inventory tracking.
- Launched a scalable web application tailored for small to mid-sized e-commerce businesses, enabling seamless inventory monitoring and report generation.
- Integrated enterprise resource planning functionalities, enabling seamless coordination between warehouse operations, procurement, and distribution channels.

EDUCATION

Bachelor of Science in Computer Science

Rowan University · Glassboro, NJ · 2027 · 3.17 GPA

- Awarded 2 Scholarships equaling to $11,000 per year.

Associates of Computer Science

Camden County College · Blackwood, NJ · 2025 · 3.20 GPA

- Presidents List for the Spring 2024 Semester
- Deans List Fall 2023 Semester

SKILLS

Languages: Python, Java, C++, SQL
Frontend: HTML, CSS
Tools and Framework: Streamlit, PostgreSQL, SQLite, Liquid
Other Skills: Expertise in MS Office 365, specifically Excel, Word, Outlook, Windows 11 and MacOS
Multilingual: English, Gujarati and Hindi
